This program is for those fly fishing anglers who have already gone through our beginner course or are fairly proficient at fly fishing and just want to improve their skills. On Friday evening, after a hearty home cooked meal there will be a workshop on a review of casts, knots, and fish food (flies). Then on Saturday morning after breakfast participants will go outside to the lawn to learn accuracy casting, managing with the wind, and distance casting. Then it's off to the river and ponds to practice, practice, practice. Two instructors will be on hand all day to work with individuals on specific fishing issues. All participants will need to purchase at least a two day Maine fishing license and bring a fishing rod, reel, line, leader, and an assortment of flies. A list of recommended flies will accompany the reservation confirmation sheet. Fly Rods can be rented at Little Lyford for a fee of $25 for the program. We do not have waders for rent but they may be rented at Northwoods Outfitters in Greenville prior to coming to camp.Activity level: Easy to moderate. Rates include lodging, meals, evening programs, fly fishing instruction, and a box of flies from the Maine Guide Fly Shop. Higher rates apply for private cabins.
